### 🎓 Experienced Tutor | University of Zurich | MSc in Biology

With an MSc in Biology from the University of Zurich and a BSc in Molecular Biology from the University of Geneva, I bring 10 years of tutoring experience. I've guided IB Biology, A-Level, and IGCSE students from Europe and the Middle East, helping them secure strong results in their exams.

Teaches: IB Biology A-Level Biology IGCSE Biology GCSE Biology

Curriculum: IB A-Level GCSE IGCSE

## Qualifications

**University of Zurich:** MSc in Biology (2010–2012)

**University of Geneva:** BSc in Molecular Biology (2006–2010)

## Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

With a decade of experience, I've worked with students across a variety of curriculums, primarily IB Biology and A-Level Biology. I've helped students develop a solid foundation in biology, covering everything from genetics to ecology. Many of my students have gone on to pursue degrees in biological sciences at prestigious universities.

In addition to my experience with school curriculums, I have supported students in preparing for university entrance exams, focusing on practical applications of biology. I encourage students to think critically and apply their knowledge beyond the classroom, leading to improved exam performance.

I've also worked with students who needed additional support due to learning difficulties, adapting my teaching methods to ensure they stay engaged and achieve their academic goals. I believe in providing personalized learning experiences that help students succeed in their chosen fields.
