## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

With over two decades of teaching experience, I have worked with students across multiple international curricula, including IB, IGCSE, and SAT. My goal has always been to help students grasp complex mathematical concepts, ensuring they are well-prepared for exams and competitive assessments.

I've had the privilege of guiding students from diverse backgrounds, tailoring my teaching to each individual's needs. From working on core math principles to preparing students for university entrance exams, my focus remains on helping students build confidence in their mathematical skills and achieve their academic goals.
