🎓 Experienced Tutor | Korea University | MSc in Physics

With an MSc in Physics from Korea University and a BSc in Electrical Engineering from Yonsei University, I've spent 15 years tutoring IB, A-Level, and IGCSE Physics. I'm passionate about helping students grasp difficult concepts and achieve great results in physics through a simplified and student-centred approach.

Teaches: IB Physics A-Level Physics IGCSE Physics GCSE Physics

Curriculum: IB A-Level GCSE IGCSE

Qualifications

Korea University: MSc in Physics (2006–2008)

Yonsei University: BSc in Electrical Engineering (2002–2006)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

For the past 15 years, I have worked with students from various academic levels, including IB, A-Level, and IGCSE Physics. My experience includes guiding students through difficult topics like mechanics, thermodynamics, and electromagnetism, preparing them for success in exams. I have tutored students across South Korea, the UK, and beyond, adapting to different curricula and helping them excel.

Additionally, I have supported students in their preparation for university-level physics, focusing on complex topics such as quantum physics and advanced calculus. Many of my students have progressed to prestigious universities, equipped with a strong foundation in physics and problem-solving skills.
