Tutoring Experience

Over the past nine years, I have worked with students globally, guiding them through the IB Extended Essay process. My students have consistently achieved high marks, with many of them successfully securing places at prestigious universities. I specialise in providing detailed feedback, ensuring that students refine their research and writing techniques.

In addition to the IB curriculum, I have tutored students in A-Level and IGCSE Psychology, helping them develop critical thinking and analytical skills. By offering personalised support, I ensure that my students are fully prepared for their exams and coursework, making each session impactful and productive.
